

My Health Record and General Practice Aged Care Incentive

Webinar

Join our information session for
Residential Aged Care Home Staff

This session provides an overview of My Health Record, MyMedicare, and the General Practice in Aged Care Incentive (GPACI).

Attendees will gain insights into how these programs enhance care coordination, improve access to essential health information, and support better health outcomes for aged care residents.

Learning Objectives:

- My Health Record overview.
- Accessing My Health Record.
- Security and Participation obligations for use of the My Health Record.
- Understand the MyMedicare and General Practice in Aged Care Incentive.
- Learn the benefits of these programs for residents and Aged Care Providers.
- Understand what RACHs can do to support residents.

Don't miss this opportunity to enhance aged care support and patient outcomes!
